WHAT'S NEW

FROM ARCHITECTURE TO RHYTHM,
ST. LOUIS IS READY TO MOVE YOU

By Mary McHugh

A BUILDING IS NOT JUST A PLACE TO BE BUT AWAY TO BE.

FRANK LLOYD WRIGHT

ST. LOUIS HAS GOALS

The city of St. Louis has always had a soft spot for soccer, but it is about to become a national hotspot when the 2023 Major League Soccer (MLS) season kicks off this spring with its newest team, **St. Louis CITY SC**. From the big screen to real life, soccer aficionados can now enjoy the thrill of the game up close at the 22,500-seat **CITYPARK Stadium**. Located on the western edge of downtown, 250 feet from the newly renovated Union Station entertainment mecca, the state-of-the-art open-air soccer-specific stadium features a sod field, a metal overhang canopy, green spaces, gathering places, walkways and bikeways,

with every seat within 120 feet of the pitch (the closest just 15 feet from the touchline).

The stadium pitch, which sits 40 feet below street level, will play host to 17 home MLS games, plus three exhibitions each year. The St. Louis CITY SC's Downtown West campus also includes an elite training center, practice fields, a team store, a fan pavilion and the club headquarters.

HOW DOES YOUR GARDEN GROW?

Something is blooming at the **Missouri Botanical Garden**, and it's not just the plants. The destination's restorative experience just became more vibrant with the completion of the \$100 million LEED-certified

Gateway to the Garden expansion, featuring a brand-new 90,000-square-foot visitor center, which includes the **Emerson Conservatory** with a permanent display of Mediterranean plants. Also new: **Sassafras Café**—complete with panoramic views, an enlarged garden gift shop and the new **Bayer Event Center** that will be utilized for educational forums and conferences.

Terrazzo flooring with inlaid brass leaves of native trees, an immersive video wall, multi-tiered entry gardens, wider pathways and a wall of windows with stunning views of the surrounding landscape only add to the experience. While you're in St. Louis, join us for a good thyme in the garden.

MEMORIALIZE & HONOR SURVIVORS

The **Kaplan Feldman Holocaust Museum** opened late last year, bringing a world-class educational facility and museum to Lindbergh Boulevard. This brand-new complex is triple the size of the original museum, and the \$21 million expansion created additional space for the display of cultural and historic artifacts, survivor galleries, workshops and discussions, and multi-purpose space for media and film.

Dedicated to keeping the memory of the Holocaust alive and using the lessons learned to fight hatred and injustice, the museum goes beyond teaching history and works to promote understanding and inspire change.

HIT A HOME RUN

Rawlings is stepping up to the plate and moving to **Westport Plaza**, a vibrant mixed-use development in **Maryland Heights**.

Since 1887, Rawlings has been synonymous with America's pastime, making gloves, balls and other baseball gear, in addition to being the creator of the iconic Gold Glove Award. In late 2023, the Rawlings experiential retail space will open to the cheers of baseball fans far and wide. Historic artifacts will be on display and

commemorative baseballs honoring notable moments will adorn a comprehensive history wall.

The highlight of the immersive, hands-on Rawlings experience will be the glove vault, which will showcase Rawlings Gold Glove Awards and include an interactive custom glove center so you can design your very own custom glove.

Once you have your custom glove in hand, stop by Westport's brand-new

SAINT LOUIS ART MUSEUM

Soda Fountain Express for a sweet treat or **360 West** for an inventive take on classic American cuisine.

In other news on the "newest" in STL, several area attractions are planning 2023 exhibits and rides, including fascinating shows at the **Saint Louis Art Museum** such as **Monet/Mitchell: Painting the French Landscape and The Culture: Hip Hop and Contemporary Art in the 21st Century**.

History of the Area

1970s

The revitalization of The Loop began in the early 1970s. Nationally renowned restaurant and music club Blueberry Hill was the first of a new era of unique owner-operated businesses. Then came record stores, a bookstore and more.

1980s

The non-profit St. Louis Walk of Fame was founded and became a unifying attraction for the area. Now more than 150 stars and informative plaques are embedded in the sidewalks!

1990s

The elegant 1924 Tivoli Movie Theatre was beautifully restored and, along with many new gift shops and clothing boutiques, signaled The Loop had arrived.

During the last 50 years, the Delmar Loop has evolved into one of the most vibrant and entertaining areas in the US.

2000s

Opening in 2,000 was The Pageant, a 2,000+ capacity concert venue that has featured artists such as Bob Dylan, Sting, Imagine Dragons, Janelle Monáe, Robert Plant, Dolly Parton, and Tiffany Haddish.

Many consider The Loop the live music center of St. Louis with 6 stages on which you can enjoy music of all genres.

Pin-Up Bowl's intimate 8-lane bowling attraction debuted, followed by the AAA 4-diamond Moonrise Hotel that features 125 rooms plus the largest man-made moon rotating above the indoor-outdoor rooftop Twilight Room with its great views of St. Louis.

Get your photo with the 8-ft, in-motion Chuck Berry Statue, dedicated to the Father of Rock & Roll.

2010s

United Provisions Grocery opened featuring items from around the globe. The 750-capacity Delmar Hall music venue debuted highlighting performers from St. Louis and other cities and countries.

2020s

Swade Marijuana Dispensary opened its doors and Magic Mini Golf (opening Spring 2023) will wow everyone with its 18 holes of indoor miniature golf, 2 indoor shuffleboard courts, and 5-cab indoor Ferris wheel. Party on!

New shops, galleries and restaurants continue to open and intrigue. Enjoy the biggest variety of cuisine selections (50) from around the world - right here in the Delmar Loop. Yesss! 🍷

OUTDOOR ADVENTURES
ACROSS THE LOU!

By Alison Wurth

St. Louis is a green-space lover's paradise. Take advantage of the wealth of outdoor activities you can enjoy throughout the St. Louis region. Here are our top picks for hiking, biking, running, walking, paddle boarding, yoga and more!

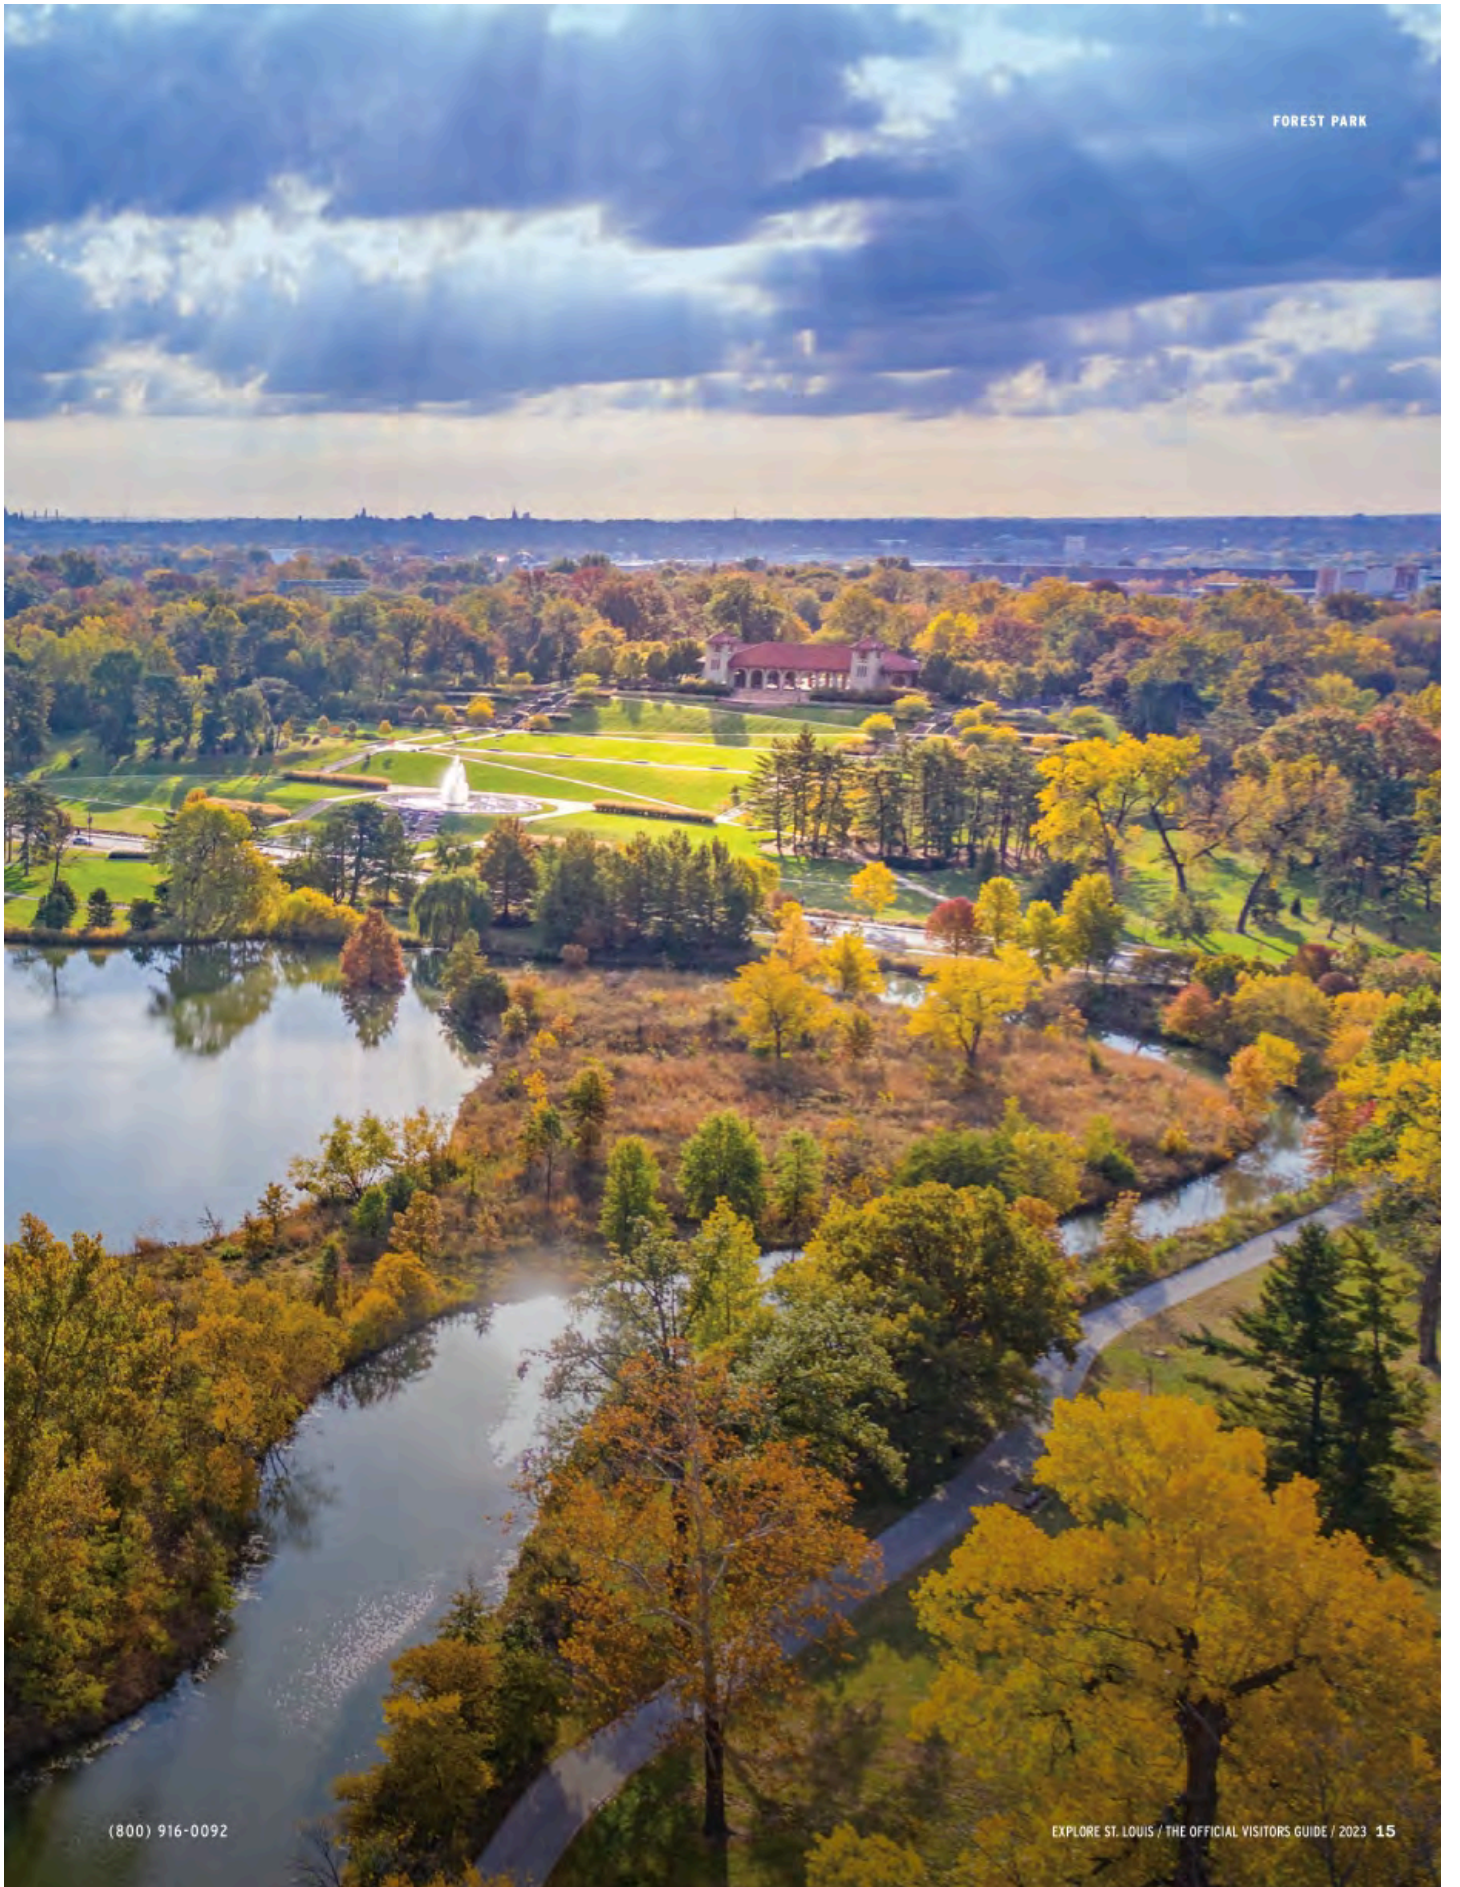

THE INCOMPARABLE FOREST

One of the nation's most beautiful urban public parks, **Forest Park** is a St. Louis treasure. Explore 1,300 acres of beautifully manicured landscapes and historic buildings. Spend a day playing handball or racquetball, rent a paddleboat or canoe or cruise through the trails

on a rental bike. In the winter months, get an adrenaline boost by sledding down Art Hill and ice skating at the Midwest's largest outdoor ice skating rink, **Steinberg Skating Rink**.

Forest Park is also home to the **Saint Louis Art Museum**, the **Saint Louis Science Center**, the **Missouri History Museum**, **The Muny** and the **Saint Louis Zoo**.

BRING YOUR BINOCULARS

Soak in the history of this wooded Victorian walking park. **Tower Grove Park** offers 150 years of historic treasures, including busts, buildings and entryways mixed with modern details, making the green space feel timeless. You can spend the afternoon playing pickleball, letting the kids enjoy the playground and splash pad and support local farmers and makers at the Tower Grove Farmers Market on Saturday mornings throughout the summer. And remember to bring your binoculars. This park is a bird-watcher's paradise.

FROM ACTION-PACKED TO SERENE

At **Creve Coeur Park** outdoor activities abound. Choose from disc golf, archery, four playgrounds, a splash pad and Go Ape! Zip Line—a treetop adventure course with a 500-foot zip line. Or, take it easy and spend the day on the 320-acre **Creve Coeur Lake** and rent a kayak, canoe or paddleboard. You can also see the park from a new perspective and venture onto the Water Trail, a six-mile journey around the lake and along a creek with gorgeous views.

CREVE COEUR LAKE

RACE ALONG THE MERAMEC

With a colorful history of early 1900s dance parties, **Castlewood State Park** is much quieter now. The music you'll hear today? The steady current of the Meramec River, wildlife and continuous birdsong. But visitors can still get their blood pumping on the park's extensive hiking and biking trails. Castlewood is one of the best mountain biking destinations in the area and offers sweeping views of the Meramec River from the Riverscene Trail, one of eight in this scenic park.

HIKE THE ROLLING HILLS

Shaw Nature Reserve offers 2,400 acres of richly diverse woodlands, wetlands, rolling prairies, ponds, native wildflowers and winding hiking trails with views along lush Meramec River frontage. An extension of the **Missouri Botanical Garden**, Shaw Nature Reserve is perfect

for casual hiking, nature photography, picnicking and meditating. It is also a site dedicated to education, research and habitat restoration.

HOP ON THE GREENWAY

Now, for an urban stroll. The **Great Rivers Greenway** is a more than 128-mile, beautifully paved and landscaped urban trail system connecting the St. Louis region. Find the portion that meets your needs, and meander, run or bike your way through the city and enjoy urban landscape views from a fresh perspective reserved for Greenway passersby.

Gateway to Galleries

COLLECTIONS THAT
DRAW YOU IN

By Katie Jackson

ARND BRONKHORST

In St. Louis, it's OK to pray for a rainy day. The Gateway to the West is an art lover's dream, with many of its museums offering free admission. Whether it's the work of Vincent Van Gogh or a contemporary visionary (who will one day be a household name), art in St. Louis is as accessible—and diverse—as art gets.

ART IN THE PARK

The **Saint Louis Art Museum (SLAM)** is home to a world-renowned collection of more than 34,000 cultural crown jewels spanning more than 5,000 years of human history. Come for the galleries filled with everything from mummies to new media and African art to Andy Warhol.

While you're there, factor in a little extra time for taking in the floor-to-ceiling views of **Forest Park** in the museum's east addition. With its vistas of Art Hill, SLAM's aptly named **Panorama** restaurant is a destination in itself, as is the museum's main building. Built for the 1904 World's Fair, it was designed by Cass Gilbert, the acclaimed architect behind the United States Supreme Court Building and several state capitols. Admission to this treasure is always free.

WHERE NEW NEVER GETS OLD

Admission to the **Contemporary Art Museum (CAM)** is also free. Its exhibits, however, are ever-changing. The lack of permanent collections is intentional. Their goal is to share the latest (and most thought-provoking) contemporary art depicting the world's current state of affairs—good and bad. The museum is located in the heart of St. Louis' Grand Center Arts District, home to myriad galleries and museums, including the Pulitzer Arts Foundation.

LIKE YOUR OWN PRIVATE COLLECTION

Housed in famed Japanese architect Tadao Ando's first free-standing building in the country, the prestigious **Pulitzer Arts Foundation** sits at the intersection of modernity and minimalism. Here, the Pulitzer family's world-renowned personal art collection—including classics and never-before-seen masterpieces—is bathed in natural light and shared with the public, at no charge. The Pulitzer Arts Foundation offers a unique, intimate viewing experience. Since the museum doesn't post nameplates or text descriptions, visitors are invited to interpret the art as they wish.

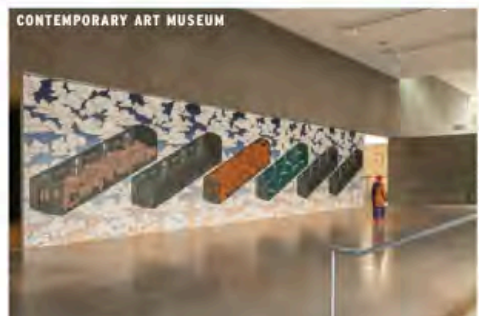

ZOOM IN, IN GOOD COMPANY

Less than a half mile away, the **International Photography Hall of Fame** welcomes visitors to take a deep dive into the art and science of photography. Its permanent Hall of Fame exhibit pays homage to icons including Ansel Adams, Annie Leibovitz and the inventor of the iPhone, Steve Jobs. The museum's collection of vintage camera equipment—including an extremely rare Edison Kinetoscope—shows the evolution of capturing, and ultimately sharing, special moments in time. Admission is \$10 (or free of charge on the first Friday of the month during Grand Center's ongoing First Fridays events).

NO DOG LEFT BEHIND

While St. Louis residents welcome rainy days, sunny days are reserved for walking the art-filled trails at **Laumeier Sculpture Park**. One of the first dedicated sculpture parks in the country, Laumeier is home to 68 larger-than-life sculptures nestled harmoniously in nature. Admission is always free, and as long as they're leashed, pets are invited to enjoy this Insta-worthy outdoor gallery, too. When it comes to art, the Gateway to the West does not discriminate. Rain or shine, there's truly something for everyone—even our four-legged friends.

BLAST OFF FOR FAMILY FUN

By Marissa Selby

The space capsules for the Mercury and Gemini missions were crafted in St. Louis, and that passion for science and technology extends to the family fun that can be had here. Watch brains (and faces) light up as your family discovers our popular STEAM-centric and kid-approved St. Louis attractions. Whether braving the watery depths, building a robot or exploring alien landscapes, your young scientists will get hands-on exposure to out-of-this-world concepts.

So, strap in and hold on tight...your family adventure is ready for lift-off.

POWERING UP PLAYTIME

Playtime is serious business for kids. Creative play is one of the best ways to ramp up healthy brain development and transform new experiences into strong neural pathways that would make Einstein proud. No one knows this better than **The Magic House**, St. Louis' award-winning children's museum. Kiddos (up to age 12) can play their way through hundreds of interactive exhibits designed to boost curiosity, collaboration, and critical thinking, all

in the name of fun. You might climb a magic beanstalk, take a trip to Alaska with Molly of Denali (of PBS Kids fame) or head to the Bubble Room for floaty fun.

For more hands-on adventures, check out **MADE for Kids**, a 7,000-square-foot makerspace where kids (ages 4–14) can invent, build and design to their hearts' content. Try LEGO robotics, launch a rocket, design and output objects on a 3D printer or sit down at the pottery wheel to create a take-home masterpiece.

INITIATING EXPLORER MODE

At the "scientifically fun" **Myseum**, (ages 2–12), minds and bodies are kept busy with more than 30 exhibits to explore. This indoor play-center-meets-children's-science-museum features everything from laser harps to dino digs. Whether your kiddos prefer the zoo vet clinic or the Imagination Playground, their fun doubles as an introduction to scientific principles that still propel research everyday.

Connect with curiosity at the **Saint Louis Science Center**, located in **Forest Park**. With more than 700 exhibits, it's not only one of the country's largest science museums, it also offers free admission. Visitors can measure up to a life-size T-Rex, execute an out-of-this-world mission to Mars, immerse themselves in virtual reality or build their very own Gateway Arch. Ready for more eye-opening moments? Round out your visit by purchasing a ticket to the

McDonnell Planetarium or the five-story-tall OMNIMAX® Theater for a larger-than-life on-screen scientific adventure.

Kids get to become astronauts, scientists and engineers at the **Challenger Learning Center**. Through space simulation programs and Discovery workshops, they will visit out-of-this-world places like Mars and the Moon, while also learning about Ground Control, rockets and more.

SEARCHING FOR SIGNS OF LIFE

Science is wild, and if you need further proof, look to the **Saint Louis Zoo**. Another Forest Park gem (that also offers free admission), this innovative zoo and research institution is a biologist's dream. It's home to more than 14,000 animals and nearly 500 species, plus a globally renowned wildlife conservation program. While you take a walk on the wild side, your family will learn about humanity's impact on the world's delicate habitats and how you and yours can help protect them.

Want more animal action? Take a deep dive into marine biology by visiting the **St. Louis Aquarium** at Union Station. Enjoy interactive animal encounters at the touch tanks (with manta rays and leopard sharks) and stunning underwater scenes on an aquatic adventure that will take you through six unique water ecosystems. These galleries hold more than 13,000 splashy friends, from the freshwater critters of the Missouri and Mississippi rivers to the salty depths of Earth's oceans.

ST. LOUIS, YOUR WAY

IMO'S PIZZA

Eat Like a Local

Great eats and sweet treats that locals love.

Legend has it that St. Louis' iconic dessert, the gooey butter cake, was concocted when an absentminded baker forgot that he'd already added butter to his yellow cake mix and unknowingly doubled the amount. Ask any St. Louisan about the birth of the city's signature dessert, and you'll get the same story. After all, we don't just enjoy our food; we take our rich food culture seriously.

When you dive into the dishes that define eating in the Gateway City, you'll understand why St. Louisans are a proud bunch. The pork steak, for instance, is the definition of St. Louis barbecue. A slice of meat off the Boston butt is cooked in a tangy, tomatoey and often beer-infused barbecue sauce. If summer in

St. Louis had a flavor, this would be it, though it's hard to dispute the role **Ted Drewes Frozen Custard** plays in providing an essential summertime experience. Creamy, thick and enjoyed while on the custard stand's asphalt parking lot, a visit to The Lou is not complete without a trip to this south St. Louis landmark located on historic Route 66.

Equally emblematic of St. Louis' food identity is toasted ravioli, or "t-ravs," as the locals call them. If these deep-fried, ground beef-stuffed pillows of pasta are the city's quintessential bar food, then the Slinger is its midnight snack. This diner masterpiece consists of a hamburger patty topped with eggs, hash browns, cheese and chili—not for the faint of heart, but would you expect anything less from a place that defines its pizza style by processed cheese?

Those on the outside may side-eye our beloved Provel, but once you experience this luxurious wonder atop a slice of St. Louis-style pie, you'll become a believer. Really, there's no better topping for our thin-crust, square-cut pizza. The gooey cheese melds into the dough, so you don't know where one ends and the other begins. Pros know that this presents a hazard: Eat the pizza too soon out of the oven and you're likely to burn the roof of your mouth with molten cheese. It's a culinary experience totally worth the risk.

We Take Great Pride

Follow the rainbow to St. Louis.

The Gateway to the West has been described as “the open-minded heart of the Midwest” by *The Advocate*, America’s oldest-running LGBTQ+ publication and one which continues to rate The Lou high in its annual rankings of gay-friendly cities. In addition, author Gregory Kompes named St. Louis one of the top 10 lesbian, gay, bisexual and transgender-friendly cities in his book, *50 Fabulous Gay-Friendly Places to Live*. Why? For its “live-and-let-live attitude, extensive cultural attractions and flourishing nightlife.”

So, fly your Pride flags freely in St. Louis! Belly up to the bar in some of the city’s renowned hotspots; visit the unique array of shops, restaurants and coffeehouses in gay-friendly neighborhoods such as The Grove or the Central West End; and peruse pronoun pins amid the huge assortment of rainbow Pride merch at **CheapTrx**, a two-story mecca that’s been a staple of the South Grand neighborhood since 1992. While you’re in St. Louis, catch a performance by the **Gateway**

Men’s Chorus and pay your respects at the Transgender Memorial Garden in the Benton Park neighborhood.

Wonderful LGBTQ+ venues offer a variety of experiences, from sleek, expansive spots with performance stages and outdoor seating to piano bars where martinis never run dry to local, low-key drag wonderlands and even casual nightclubs serving the LGBTQ+ crowd and its allies.

And then, there’s the parade. Now in its 43rd year, St. Louis plays host to one of the Midwest’s largest **PrideFest** celebrations, with attendance topping 300,000 annually. The two-day event features local and national entertainment acts across multiple stages at the downtown **Soldier’s Memorial** every June. Revelers enjoy vendors, food trucks, a dance tent and, of course, the parade, which has the Gateway Arch as its iconic backdrop.

Additional festivals and parades are hosted by **Black Pride St. Louis**, the nation’s second-oldest Black LGBTQ+ Pride organization in the country, the **Alton Pride Festival**, **Tower Grove Pride** and the **Metro East Pride Fest**.

STL for the Modern Explorer

History buffs will meet their match in the Gateway to the West.

From the founding of St. Louis on the banks of the Mississippi River in 1764, to the launch of Lewis and Clark's Corps of Discovery Expedition on the Missouri in 1804, to Dred Scott's 1857 trial at the **Old Courthouse** downtown—St. Louis is steeped in centuries of history.

Noted as “first in shoes, first in booze,” the city has served as an incubator for the blues, a launchpad for Charles Lindbergh's Spirit of St. Louis, manufacturer of Project Mercury and Gemini NASA spacecraft and home of the mid-century marvel that is the Gateway Arch. But before there was St. Louis, there was Cahokia. One of the world's greatest ancient cities and abandoned in the 14th

century, Cahokia was larger than London in AD 1250. You can explore the City of the Sun — **Cahokia Mounds** — just across the river from downtown St. Louis.

Landmarks, trails, museums, historic homes, churches, cemeteries, cobblestone streets and spots on the National Register of Historic Places dot the landscape of this bustling river metropolis. Cross the **Eads Bridge**, the world's first

steel-truss bridge, located in the shadow of the Arch. Explore St. Louis' African-American heritage at the **Griot Museum of Black History** or the city's role in worldwide events at the **Soldiers Memorial Military Museum**.

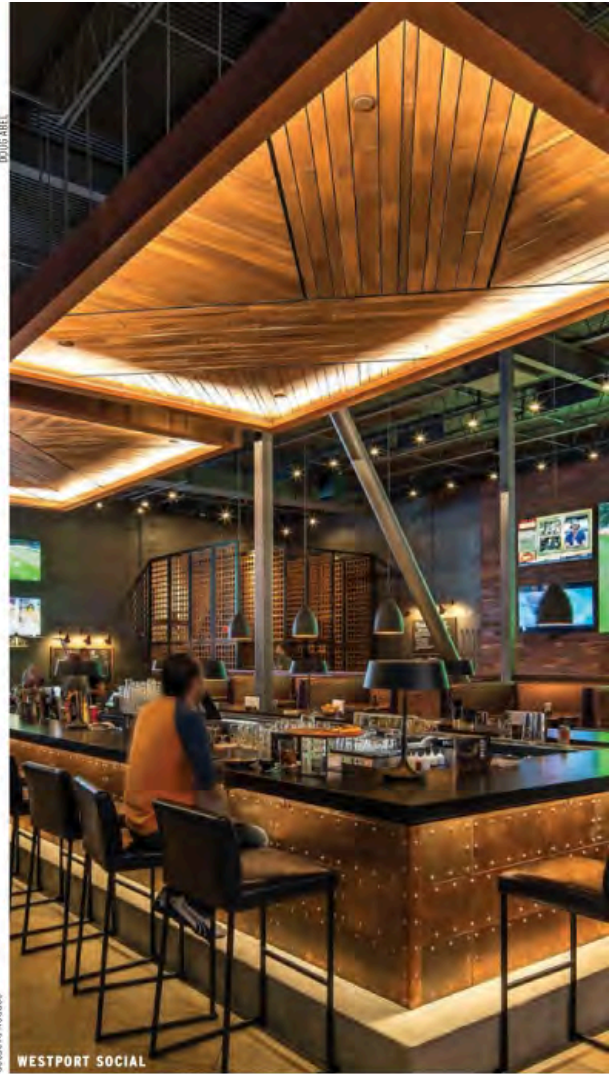

Car and train lover? Check out St. Louis' longstanding love affair with locomotion at the **National Museum of Transportation**. Visit **White Haven**, the more than 200-year-old home of Ulysses S. Grant, our 18th president and the

Civil War general who led the Union to victory. Marvel at the elaborate mausoleums at **Bellefontaine Cemetery**, where the St. Louis elite have been buried for more than 170 years. And music lovers will want to stop by the **Scott Joplin House**, home of the famous ragtime composer, from 1901 to 1903. It's now a state historic site.

The **Saint Louis Art Museum**, **Missouri History Museum** and **The Muny**, the country's oldest and largest outdoor musical theatre, are all located in **Forest**

Park, one of the largest urban parks in the U.S. Officially opened in 1876, the 1,300 acres of this beautifully landscaped park welcome more than 12 million visitors annually and played host to the 1904 World's Fair.

There's much more "did you know?" to explore in this historic city. Take the time to immerse yourself and experience the extraordinary up-close.

St. Louis Nightlife

We have a history of taking nightlife seriously.

Drink lore holds that the first-ever cocktail party happened in St. Louis. It's fitting that the city has such a robust nightlife scene, stretching from the city proper to the far corners of the metro area. For a nightclub vibe, downtown's **Washington Avenue** boasts sleek, metropolitan lounges, while the **Central West End** is St. Louis drinking culture's cosmopolitan center, with stylish, speak-easy-style bars that serve some of the city's best cocktails.

South St. Louis is the heart of the area's classic dive-bar scene, though you will also find trendy spots, and even an enclave operated by a woman inducted into the Gin Hall of Fame. If it's a French

Quarter sort of vibe you're looking for, don't miss **Soulard**, the city's walkable, historically French neighborhood, filled with a host of music-oriented watering holes.

The Grove, the heart of St. Louis LGBTQ+ nightlife culture, is the city's hippest neighborhood with vinyl lounges, arcade bars, live music clubs and even an adult slushie shop. It's considered by many to be the area's top going-out destination, though recently, **Ballpark Village**, located just outside **Busch Stadium**, a.k.a. Cardinal Nation, has given it a run for its money. This multifaceted entertainment complex, featuring rooftop lounges, sports bars and outdoor imbibing areas is the place to see and be seen downtown.

And the area's bustling bar scene is not limited to the city proper. **Maplewood** boasts a lively strip that includes everything from craft breweries and cocktail bars to a metalhead bar that serves the neighborhood's must-eat brunch. **Clayton**, the bi-state region's tony burb, is filled with upscale restaurants and bars, including a top-notch hotel lounge, while **Webster Groves** offers a warm welcome with cozy spots to settle in for the evening. Finally, those seeking variety should head to **Westport Plaza's** entertainment district, which offers pours from sake to suds to cocktails—shaken or stirred.

LIBATIONS ACROSS ST. LOUIS

KATHERINE BISH

The beverage scene in St. Louis rests on a solid foundation of one world-ranked brewer, nearly 65 craft breweries, countless distilleries and wineries, bustling bars and some very talented mixologists. What's not to like? Or, better yet, what's not to order? Options to imbibe in St. Louis are limitless. From local beer, cider and wine to delectable cocktails and even boozy ice creams this city can satisfy any thirst.

MIDWEST BREWING INNOVATION

Let's start with St. Louis' fixation on beer. More than 165 years ago, German brewers found the naturally cool caves under St. Louis ideal for fermenting their lagers. And the nearby proximity of the Mississippi River provided one of their recipes' key ingredients—water. Today, **Anheuser-Busch**, maker of world-famous Budweiser, serves as a hub for brewing innovation, producing more than 30 brands of beer.

Nestled throughout St. Louis, dozens of craft breweries follow suit. **Urban Chestnut** has two locations. The midtown spot feels like a European

biergarten while the brewery in The Grove is a European-style bierhall. Formerly a paper company built in the 1920s, UCBC's Grove location offers beers on tap that are updated weekly. American and Bavarian-style lagers, Russian imperial stouts, pilsners, pale ales and Munich Dunkels are served at large, communal picnic-style tables under strands of twinkling lights. With names like Zwickel, Schnickelfritz and Stammtisch, you'll definitely want to order some pretzel sticks and twice-fried pommes frites with Bavarian mustard to pair with your suds.

LET THE SPIRIT MOVE YOU

Just a “pint away from the ballpark,” **4 Hands Brewery** pours a wide range of beers, including seasonal and limited releases. The beers are great, but this fan-favorite brewery also produces two lines of local spirits: 1220 Spirits, botanically-inspired spirits and liqueurs, and Withered Oak, its family of whiskies. The two-story tasting room includes food, free classic arcade games and Skee-Ball. If the spirit moves you, as they say, check out **StilL 630**. This award-winning craft distillery just south of downtown, offers tours, tastings and bottle sales of its “Indomitable Spirits.”

The building, constructed in 1892 as the largest fire station west of the Mississippi River, is now a laid-back tap room and gastro pub with garage-style doors that open on nice days. Semi-sweet and dry ciders impart hints of apple and peach—as close to the orchard as it gets.

Inspiration flows with the river *here*

"The river has stirred the imagination of so many generations of artists and writers and musicians of all kinds. To be a part of that tradition is really special. It's something that I feel a sense of responsibility for – carrying on these songs about the great Mississippi River."
– Ivas Johns,
 singer, guitarist and songwriter

When he's not touring, Ivas captivates audiences at Cape's clubs and wineries.

ST. LOUIS' SHOWSTOPPING ENTERTAINMENT LINE-UP

WITHOUT FURTHER ADO...

By Mary McHugh

Composers, playwrights, performers, musicians and dancers take the spotlight in St. Louis' concert halls, theatres, stages and even the streets. Every. Single. Day. Bebop to hip hop. Orchestral to opera. Pop ups to plays. Dance to dramas. The vibrancy and eclectic uniqueness of the arts shine in St. Louis.

SHOW UNDER THE STARS

Celebrate by the light of the moon at **The Muny** in **Forest Park**. Aging graciously at 106, and with 11,000 seats, it's the oldest and largest outdoor theatre in the country. Musicals like *Rent*, *Beauty and the Beast*, *West Side Story* and other fan favorites echo throughout the park for nearly seven weeks every summer. Enjoy a pre-show picnic in the grass or a cocktail in the pavilion. Summer dress or weekend shorts? Single or on a date? It all works at The Muny.

THEATRE OF THE SOUL

Immerse yourself in the rich canon of African-American literature, as well as contemporary work by new voices at **The Black Rep**. Now in its 46th season, the theatre company, under the direction of founder Ron Himes, produces everything from Pulitzer Prize-winning and heartfelt dramas to seat-shaking and dance-filled musicals.

(800) 916-0092

For a taste of Broadway talent, look no further than a summer fling with **STAGES St. Louis** at the **Kirkwood Performing Arts Center**, where musical theatre knows no bounds. From June through early fall, the 36-year-old company makes Broadway-level theatre accessible in Kirkwood.

Nearby, in Webster Groves, **The Repertory Theatre of St. Louis** takes the stage at Webster University. Simply known as The Rep, this 57-year-old company offers audiences top-line plays, world premiere productions and musicals, as well as its celebrated Ignite workshops, where playwrights showcase new scripts. These staged workshop readings feature professional actors and post-show talkbacks to further enhance the work.

VIBRANT MUSIC VIBRATO

The Rep's stage is shared with the incomparable **Opera Theatre of Saint Louis (OTSL)**. This leading American opera company's world-class singers are accompanied by members of the **St. Louis Symphony Orchestra**. OTSL has presented 31 world premieres and 27 American premieres, including one, *Fire Shut Up in My Bones*, that played at The Met after making its St. Louis debut. With performances held during a six-week period, the festival atmosphere includes pre-opera picnics in the gardens and drinks under the stars after the show. A first

in the country, there are 50 free seats available at every OTSL performance; tickets are available on a first-come, first-served basis.

For an incredible listening experience, enjoy an evening with the **St. Louis Symphony Orchestra**. As you enter the historic **Powell Hall in Grand Center**, admire the gorgeous chandelier and the lobby's red-carpeted grand marble staircase before settling into a plush red seat. Then get ready to hear works by some of the world's greatest composers, from Rachmaninoff to Respighi. Now in its 142nd season, the second-oldest orchestra in the country also enjoys a long and distinguished recording history that dates back to the 1930s and includes 60 Grammy Award nominations and nine wins.

If movement is your thing, make sure to swing by for a performance of **Dance St. Louis**. This cultural treasure has been showcasing local, national and international talent for 56 years. Enjoy the full spectrum of dance—everything from ballet, hip-hop and ballroom to tap, jazz and folk.

St. Louis is full of performance venues featuring a range of incredible artists across a spectrum of genres, including **The Fabulous Fox**, **The Sheldon Concert Hall**, **The Factory**, **The Grandel**, **The Pageant** and **Broadway Oyster Bar**.

So, without further ado, on with the show.
